

Expense Reimbursement Policy

Purpose

This policy explains how Harbourline Freight Systems staff claim and are reimbursed for legitimate business expenses incurred outside the corporate card system, and what supporting documentation each claim requires.

Submitting a claim

Expense claims must be submitted through the Finance Portal within 30 days of the date the expense was incurred. Claims submitted after this window are returned to the employee and require their manager's written justification before Finance will process them, so staff should lodge claims promptly rather than batching several months of spend into a single submission.

Step	Requirement
Submission window	Within 30 days of spend
Approval	Employee's manager
Payment	Next scheduled pay run

Receipts and documentation

A receipt or tax invoice must be attached to any claim line above \$75. Claims at or below \$75 may be submitted with a brief description of the expense and its business purpose, but Finance may still request a receipt for audit purposes. Claims lacking required receipts are held pending documentation rather than rejected outright.

Reimbursement timing

Approved claims are paid in the ordinary pay run on the 15th of each month. Claims approved after the cut-off for that pay run roll over automatically to the following month's run. Employees do not need to resubmit a claim that has already been approved but missed a cut-off.

Ineligible expenses

Personal expenses, fines and penalties, and any spend that has already been covered by a corporate card or a travel advance are not eligible for reimbursement under this policy. Employees who are uncertain whether an expense qualifies should check with their manager before incurring the cost.
